Cellular Pathology Services (CPS) is seeking to recruit a highly motivated and enthusiastic Band 5/6 Biomedical Scientist specialising in histopathology to join our busy and friendly laboratory. Recently state registered degree students with experience in Histopathology will be considered. Ideally, the successful

process approximately 14,000 histology and 600 diagnostic cytology samples per annum. The main site, located at a purpose built laboratory facility in Watford, undertakes specimen dissection, tissue processing, microtomy, staining, immunohistochemistry, Mohs frozen section work and diagnostic Cytology preparation. We support several local off site clinics with a Mohs service. Digital pathology is being introduced as well as procurement of the latest IHC and routine staining equipment.

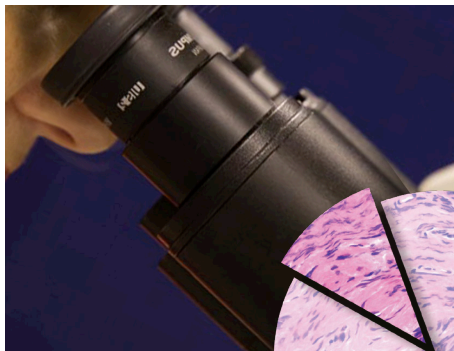

Flexible working patterns are in place to cover the laboratory from 7am to 7pm which you will be required to participate in.

The successful applicant must be HCPC registered and ideally have at least 1 year post registration experience in Cellular Pathology, although recent graduates with placement experience in Histopathology will be considered. The post holder will be required to perform a range of routine laboratory activities under the supervision of the Team Leader. The post holder should have knowledge and understanding of the requirements for maintaining a quality service and adherence to ISO 15189:2012.

Staff benefits: a competitive salary, annual performance bonus, pension scheme & health insurance.

For further information and an informal visit please contact Mrs Elaine Moore on HR@cellpathservices.co.uk or/and [01923233299](tel:01923233299)

To apply please refer to [NHS Jobs](http://www.jobs.nhs.uk) (www.jobs.nhs.uk) reference number [E0122-20-5399](http://www.jobs.nhs.uk).

candidate should be driven, passionate with a good eye for detail and the dedication and drive to develop their career further within a supportive environment.

CPS is UKAS accredited and IBMS approved for training. We currently
